1. Campus Forum

The President noted that the original schedule of President's Planning Group meetings had included a Campus Forum on Monday, November 5. He has decided that, prior to that Forum, we should invite the campus community to submit ideas for possible new initiatives. As there is not enough time to accomplish such a request before the scheduled Forum, he asked Mr. Ken Butler to move the Campus Forum to late November. An e-mail to the community will go out soon with the request.

2. Dean of Students Office

Dean of Students Karen Green led the planning group through her department's strategic initiatives, reporting on the progress of her office in the areas of housing, athletics, Greek life, co- and extracurricular programs, student leadership and social life. She noted that a few initiatives have been modified from their original intention, based on her staff's experiences in the three years since the Plan's implementation.

The President ended the evening's discussion by stressing that the group should be very proud of what has been accomplished thus far, based on the plan that that group developed in 2003-2004. Though there is still much to be done, we have made good progress on nearly all the initiatives that we have discussed, to present. He then asked if there were new initiatives to consider in the Dean of Students area. A short discussion followed.

The meeting adjourned at 7:06 p.m.

Respectfully submitted,
Ken Butler
