

Flu Shots

Flu Shots will be available at Health Services this year beginning Tuesday October 4, 2011. Health Services will continue vaccination until our ample supply is depleted. If you are not available during the times below, please call Health Services (484-664-3199) to arrange an alternate time to receive your flu shot.

The CDC recommends that everyone 6months of age and older receive a yearly flu vaccine. It takes about two weeks after vaccination for your body to develop an immune response. Get vaccinated now so that you will be protected when flu season begins. In the United States, influenza season usually begins in October and can last until May.

Location: Health Services, Life Sports Center Room 100

Date: Beginning Tuesday October 4, 2011
Vaccination will continue daily (Mon-Fri) until the supply is exhausted.

Times: 8:30am – 1:00pm

Cost: \$20 (cash or check)

For more information about influenza and influenza vaccine, please check the CDC website at <http://www.cdc.gov/flu/>.
