Co-educational athletic training room facilities are located in the Life Sports Center. All services of the athletic training room are at your disposal. The head, assistant athletic trainer and/or student first aiders will be available at all home athletic contests.

If requested, the Muhlenberg athletic training staff will assist visiting teams in treatments and/or taping/wrapping of your athletes. I do request that your team provide their own materials, especially wraps and tape. If modality treatments are needed, please provide the proper authorization.

A physician and ambulance will be on site for all home football games. The physicians and ambulance will be on call for all other athletic activities.

If you have any special concerns or requests, please contact me at least three (3) working days prior to your competition date(s).

Thank you and have a safe and successful year.
