Co-educational athletic training room facilities are located in the Life Sports Center. All services of the athletic training room are at your disposal. The head, assistant athletic trainer and/or student first aiders will be available at all home athletic contests.

If requested, the Muhlenberg athletic training staff will assist visiting teams in treatments and/or taping or wrapping of your athletes. We do request that your team provide their own materials, especially wraps and tape. If modality treatments are needed, please provide the proper authorization.

A physician and ambulance will be on site for all home football games. The physicians and ambulance will be on call for all other athletic activities.
