Scholarships, Fellowships and Awards

M Muhlenberg
College

2019-2020

Scholarships, Fellowships and Awards

This booklet provides information about undergraduate and post-graduate funding opportunities for qualified students and recent alumni of Muhlenberg College. Scholarships provide full or partial funding for undergraduate and graduate study, while fellowships provide opportunities to gain hands-on professional research experience or on-site experience in public service fields.

Whether you are thinking about studying or teaching abroad, conducting research in a national research laboratory or engaging in public service in the U.S. or abroad, the nationally and internationally competitive awards included in this booklet present pathways to jumpstart your career and conduct meaningful work to address today's most pressing problems.

The application process for these awards offers the opportunity to build close relationships between students, faculty and staff. Whether you win the award or not, the application process provides the foundation for future funding opportunities and allows you to reflect upon your values and ideas in order to build an application that is uniquely yours.

For more information, please visit our website at muhlenberg.edu/offices/deanofacademiclife or contact the advisor for each award or the Dean of Academic Life Office at 484-664-3130.

Best Regards,

Michele Moser Deegan, Ph.D.
Interim Dean of Academic Life
Professor of Political Science

Carnegie Endowment for International Peace James C. Gaither Junior Fellows Program

Description

For graduating seniors (or students one-year post-graduation) to serve as research assistants and junior fellows for one year (beginning August 1) at the Carnegie Endowment in Washington, D.C. Positions are full-time and include a salary and benefits package. Junior Fellows are matched with senior associates to work on projects ranging from Chinese Economics, to Russian Studies, to Central Asian Studies, to Nonproliferation, to Energy and Climate Change.

Selection Criteria

- You need not be a U.S. citizen if you attend a university located in the United States. However, all applicants must be eligible to work in the United States for a full 12 months from approximately August 1 through July 31 following graduation. Students on F-1 visas who are eligible to work in the United States for a full year may apply for the program.
- Open to seniors and one-year post-graduation
- Recommended grade point average: 3.75 or higher

The President's Award for Outstanding Academic Achievement and Promise for Postgraduate Study by a Junior

This award, of \$1,000 in tuition credit, is given to up to three juniors who present outstanding draft postgraduate scholarship applications. Interested students must first contact the advisor managing the award that you plan to apply for. Students complete the draft application and submit it to Lori Flatto, administrative assistant to the dean of academic life. Students with completed applications are interviewed by a committee of faculty and staff and notified at Honors Convocation if you receive the award.

The awards are intended to provide qualified students with an opportunity to prepare for competitions for national and international postgraduate awards including the British Marshall, Fulbright and National Science Foundation. Students may be from any major and must have both a minimum 3.5 grade point average overall and in their major unless extraordinary circumstances are convincingly argued to the contrary.

Timetable 2020

Please contact the Postgraduate Scholarship Advisor(s) as soon as possible to indicate your interest in applying for the President's Award and to begin working on your personal statement.

Monday, January 27

Review of drafts of Personal Statement with Postgraduate Scholarship Advisor should be completed

Monday, February 3

One copy of application due no later than 4:00 p.m. to Lori Flatto, Haas College Center, 3rd Floor

(Sign up for an interview when you submit your application)

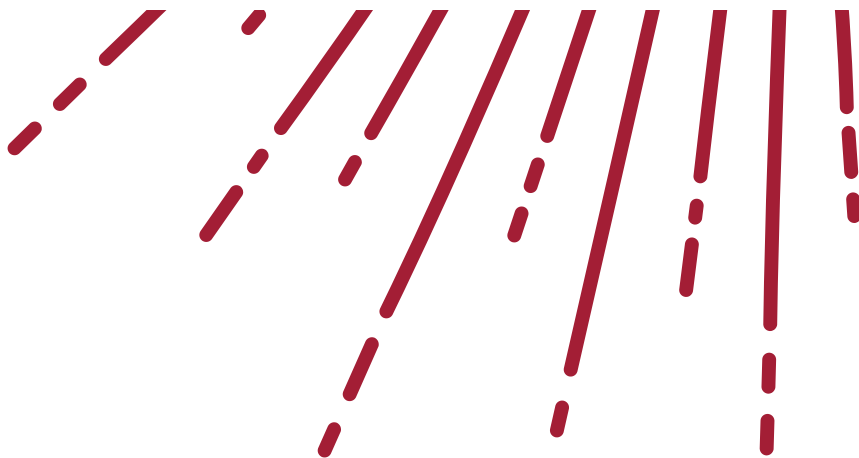

Wednesday, February 5, 4:30 – 6:00 p.m., Seegers 110

Interactive Interview Preparation with Michele Moser Deegan

February 17-21 and February 24-28

Interviews by panel of Awards Advisors

For further information, please email Michele Moser Deegan or the advisor listed for the particular award on the following page that interests you.

Complete an in-house application for one of the awards listed here to compete for the **President's Award**

Model applications for these awards due by February 3 of Junior year

**Actual applications to foundations listed will take place during Senior year.*

- British Marshall Scholarship
- Carnegie Endowment for International Peace
James C. Gaither Junior Fellows Program
- Chevening Scholarship
- Davies-Jackson Scholarship
- Fulbright Grant
- Gates Cambridge Scholarship
- James Madison Fellowship
- Medical Scientist Training Program
- George J. Mitchell Scholarship
- National Defense Science & Engineering Graduate Fellowship
- National Science Foundation Graduate Research Fellowship
- National Security Education Program, David L. Boren Scholarship
- Donald Payne Fellowship
- Thomas Pickering Fellowship
- Charles Rangel Fellowship
- Rhodes Scholarship
- Schwarzman Scholarship
- SMART Scholarship
- Paul and Daisy Soros Fellowship
- U.S. Environmental Protection Agency Programs STAR

Most awards have application forms, which should be used to apply for The President's Award. Contact the award advisor to inquire how to proceed with your mock application.

Muhlenberg Student Summer Research Grants

This year, the Faculty Development and Scholarship Committee, will offer up to seven grants to students who wish to undertake independent scholarship for the summer of 2020. These grants are meant to encourage students who have demonstrated excellent academic skills and the ability to undertake a self-directed study on a specific topic of interest. They are not given for formal coursework, formal study abroad programs, or internships. Typically, they are a more in-depth extension of a project a student has already begun. Students from all disciplines (natural and social sciences and humanities) may apply.

If you apply, you will first need to find a faculty sponsor who will supervise your project. You would then write a proposal that describes the project and explains how you will spend the eight weeks of the grant period. Your proposal will be read by a committee of six faculty members. If awarded the grant, you will receive a \$3,000 stipend, one unit of independent study or research without cost to you and up to eight weeks of campus housing if your research is conducted on campus. Students may not have other obligations (paid employment, course work, etc.) during the period of the grant. Students may not have more than eight weeks of summer research funded by the College.

In addition, you are expected to be enrolled at Muhlenberg in fall 2020. Any student receiving an award must (1) submit a report no later than September 9, 2020 and (2) participate in the fall poster session.

Projects involving the use of human participants (for surveys, etc.) must have Muhlenberg College Internal Review Board (IRB) approval. This approval process should be started early in the Fall semester.

Any applicant for a summer research grant that would take place outside the U.S. border must meet with the dean of global education to complete additional required forms. Such students will also be required to purchase international health and travel insurance.

Information about the summer research grants is available from Lori Flatto, administrative assistant to the dean of academic life, Haas College Center, third floor.

One copy of your completed application is due by 4 p.m. on Monday, February 10, 2020 to Ms. Flatto, but you must start working on your application at least a month before the due date. You will need to consult your faculty sponsor well in advance of the deadline.

Peace Corp Volunteer Program

Description

The Peace Corps is a service opportunity for motivated changemakers to immerse themselves in a community abroad, working side by side with local leaders to tackle the most pressing challenges of our generation.

Health Professions Scholarship Program (HPSP)

Description

This scholarship is offered by the Army, Navy and Air Force, and the benefits are the same across all three Services. The HPSP covers civilian medical school tuition, pays for fees, provides a monthly living stipend and includes a signing bonus under certain conditions.

Selection Criteria/Eligibility:

- **Age:** No more than 36 (for the Navy, you can be no older than 42 at the time you enter Active Duty, following your degree completion—unless you were granted an age waiver when you were recruited)
- **Citizenship:** U.S. Citizens only
- **GPA and MCAT Scores:** In general, a competitive applicant for the HPSP will have a GPA of 3.5 or higher and an MCAT score of 504 or higher.
- **Degree:** Must have baccalaureate degree from accredited programs in the United States, Canada or Puerto Rico. Also, in order for the HPSP application to be final, applicants must be accepted to, or enrolled in, an accredited physician of medicine (MD) or physician of osteopathic medicine (DO) degree program in the United States or Puerto Rico.
