

President's Diversity Innovation Grant

APPLICATION

The President's Diversity Innovation Grant (PDIG) funds initiatives that bring different campus constituencies together to advance the diversity, inclusion, and equity mission of Muhlenberg College. Applications from community groups who do not regularly work together, proposing to use the funds to bridge those gaps and collaborate, are particularly desirable. We anticipate funding projects between \$200-\$1000; the exact number of grants awarded will depend on the number of applications received. Applications will be accepted on a rolling basis as long as funds are available.

The PDIG committee, a sub-committee of the President's Diversity Advisory Council, will review applications and make recommendations to the President. PDIG is open to a diversity of ideas and will consider granting funds for a variety of initiatives that may include, but are not limited to:

- Anti-racist practices
- Campus community building
- Cross-group dialogue
- Reading groups
- Event planning
- Curriculum, course development
- Community engagement

Applications will be reviewed based on the following criteria:

1. The goal(s) of the initiative clearly align with diversity, equity, and inclusion goals of the College.
2. Applicants represent at least two different constituencies, groups, offices, or departments (e.g., faculty/staff, faculty/students, Athletics staff/Campus Safety staff, Multicultural Life students and Greek-affiliated students).
3. The proposed project creates opportunity for dialogue or collaboration.
