

Muhlenberg College COVID-19 Student Policy 2021/2022 Academic Year

Muhlenberg College COVID-19 Student Policy 2021/2022 Academic Year	1
COVID-19 Contact Tracing, Self-Isolation and Self-Quarantine Policy	7
Acknowledgement, Consent for COVID-19 Testing and Disclosure of Information Agreement	12

Introduction: The safety of the Muhlenberg College community is our highest priority and during the COVID-19 pandemic, individual decisions and behaviors will have a significant impact on the health and safety of every member of our community.

This COVID-19 Student Policy was developed with the knowledge that students will be required to be vaccinated for COVID-19 prior to returning to campus, with a few exemptions allowed under the College's Policy for Exemption from Immunization. We continue to encourage individuals in our community (campus and beyond) to please get vaccinated if they are able.

General: This COVID-19 Policy and all related guidelines and directives issued by the College in connection with this COVID-19 Policy (together, this "Policy"), shall apply to all students and student groups[1] provided that students classified as "Remote" shall be exempt from the requirements of this Policy given that Remote students are prohibited from participating in any College sponsored events and accessing the College's campus or any College housing. Students and student groups shall also be responsible for the actions of their visitors, including family members. This Policy shall apply to conduct occurring on property owned, controlled, used or managed by the College, and on adjacent streets and sidewalks, and at College sponsored activities on or off-campus, including off-campus study programs. Moreover, the College reserves the right to hold students and student groups accountable for any violation(s) of this Policy that occurs off-campus as such conduct could reasonably have an adverse effect on the College, members of the Muhlenberg College community and the stability and continuance of College functions.

In the event of any conflict between the provisions of this Policy and the provisions of any other College policy, the provisions of this Policy shall control. Terms used in this Policy shall, as appropriate, have the meanings given to them in the College's Student Code of Conduct. In addition, this Policy is subject to change at any time. The College may amend the provisions of this Policy from time to time and students shall be bound by any such amended provisions upon adoption by the College.

Enforcement: Any violation of federal, state or local regulations or this Policy, shall be deemed a violation of the College's Student Code of Conduct. Any student that commits such a violation shall be subject to interim suspension and sanctions under the Code of Conduct including, but not limited to, immediate removal from College housing and/or immediate denial of access to the campus including in-person classes, dining, entrance to buildings and in-person use of College services. In addition, any student that commits such a violation shall be subject to probation, suspension and expulsion and any student group that commits such a violation shall be subject to disciplinary probation, dissolution and termination. Moreover, if a credible allegation(s) of a violation(s) of this Policy by any student group is received by the Dean of Students, the Dean of Students shall have the right, in the Dean's sole discretion, to immediately suspend the student group from the College for the balance of the 2021-2022 Academic Year; restrict the student group's access to College property, activities or functions, in whole or in part; remove members of the student group from College housing; and/or impose such other interim measures as deemed appropriate.

Because violations of this Policy create a significant health and safety risk for our community, the Dean of Students reserves the right to adjudicate alleged violations of this Policy on an expedited basis. Accordingly, Disciplinary Conferences may take place immediately after a student or student group receives notice of an alleged violation of this Policy, and a hearing before a Hearing Board may take place within two (2) days after a student, or student group receives notice of an alleged violation of this Policy.

General Statement of Policy: All students and student groups shall comply with all federal, state and local regulations and with this Policy and all guidelines and directives issued by the College in connection with this Policy.

1. Requirements. Students that do not complete the following requirements by the stated due dates, will not be given campus access, including their key for College housing.

- COVID-19 Vaccination Series Completed by Sunday, August 1, 2021. All students must complete the COVID-19 vaccination series and upload their COVID-19 vaccination card to their health portal by August 1, 2021. Students may request an exemption from the vaccine for medical and/or religious reasons. Please contact Health Services at healthservices@muhlenberg.edu for a Request For Immunization Exemption Form and information about this process.
- Pre-Arrival Testing. Any student who has received a COVID-19 immunization exemption from the College is required to have a COVID-19 PCR test collected within three (3)

days prior to the student's campus arrival for the 2021 Fall Semester. Negative test results must be submitted to the student health portal.

- Annual Seasonal Flu Vaccination Completed by Wednesday, December 1, 2021. All students must receive the annual seasonal flu vaccine and upload their vaccination documentation to their health portal. Students may request an exemption from the vaccine for medical and/or religious reasons. Please contact Health Services at healthservices@muhlenberg.edu for a Request For Immunization Exemption Form and information about this process.
- Mandatory Review of COVID-19 Policy. All students are required to review the College's 2021/2022 Academic Year COVID-19 Policy. The College may amend the provisions of this Policy from time to time and students shall be bound by any such amended provisions upon adoption by the College.
- Acknowledgement, Consent for COVID-19 Testing and Disclosure of Information Agreement completed by August 15, 2021. This Agreement is located in the student's health portal under "my form" section and should be signed and submitted electronically through the portal.

2. COVID-19 Vaccination.

- Health Services will maintain COVID-19 vaccination records in accordance with confidentiality guidelines.
- Individuals may choose to voluntarily disclose their personal vaccination status to others, but are not required to do so (except to Health Services).
- Students must comply with the COVID-19 vaccination disclosure requirements outlined in the Acknowledgement, Consent for COVID-19 Testing and Disclosure of Information Agreement.

3. Masks. Given the rapid increase in COVID-19 due to the highly contagious Delta variant, all individuals, regardless of vaccination status, are required to wear face masks in all College owned buildings and facilities until further notice. Masks are not required when an individual is in their assigned living space by themselves or with only designated roommate(s), suitemate(s), or apartment-mate(s), when working in a private, single-occupancy room, and when actively eating and drinking.

4. Offices, Laboratories, Studios and Classroom Spaces. Offices, laboratories, studios and classroom spaces can operate at full capacity.

5. Testing. Students must comply with the College's testing requirements (that may include, but are not limited to, symptomatic, post-exposure, pre-arrival and surveillance testing) and

disclosure requirements outlined in the Acknowledgement, Consent for COVID-19 Testing and Disclosure of Information Agreement and as may otherwise be implemented by the College. Students who fail to complete COVID-19 testing will be contacted by the Dean of Students Office or their designee to address noncompliance and rectify the situation. Multiple issues of noncompliance may result in removal from College housing or other sanctions under the Student Code of Conduct.

6. COVID-19 Contact Tracing, Self-Isolation and Self-Quarantine Policy. Students must comply with the College's Covid-19 Contact Tracing, Self-Isolation and Self-Quarantine Policy including, but not limited to, fully and promptly cooperating with the College's contact tracing efforts.

7. Housing.

- At the beginning of the Fall 2021 semester, students are not permitted to have non-Muhlenberg student visitors within the residential properties (Prosser, Walz, Brown, ML, East, Benfer, Robertson, South, Taylor, College owned Fraternity & Sorority Houses, and MILE properties). In mid-September, pending a review of COVID-19 metrics, the College will determine if this visitor restriction will be modified.
- Remote students are not permitted to access residential properties at any time.
- Students are permitted to have any Muhlenberg student other than remote students in their Muhlenberg College residential properties. Students should follow the standard occupancy guidelines (permitted to have twice the amount of occupants in their residential space).
- Public lounges and common kitchens within the residence halls will be open.
- COVID-19 Lease Addendum to the Muhlenberg College Housing Regulations and Lease. This Addendum is applicable to all students residing in College housing and in the event of any conflict between the provisions of this Addendum and the terms of the Housing Regulations and Lease, the terms of this Addendum shall control.
 - In the event that a student fails to comply with this COVID-19 Policy or the terms of this Addendum, in addition to any disciplinary action that may be imposed under the COVID-19 Policy and/or the Student Code of Conduct, the College reserves the right to immediately terminate the Lease and remove the student from College housing. A student removed from College housing for failing to comply with the COVID-19 Policy or the terms of this Addendum shall not be entitled to any refund of room rent.
 - At the end of the fall semester and the spring semester every student is required to vacate their student housing and remove all personal belongings. Any personal belongings that are not so removed shall, at the option of the College and at the

student's expense, either be removed and discarded by the College or packed, removed and stored by the College.

- If a student living on campus is permitted to shift to remote learning during the semester, they will receive a refund of room rent only if a replacement, not already residing in the College residential system, is obtained for the room.
 - The College reserves the right to suspend or terminate any or all on-campus activities, including College housing, in response to health and safety concerns and/or governmental regulations or mandates. In the event that the College elects to suspend or terminate student housing, the student shall, as directed by the College, immediately vacate the student's student residence and remove all personal belongings. If the student fails to remove any personal belongings after receiving notice from the College to do so, the College shall have the right, at the student's expense, to either remove and discard all of your personal belongings or pack, remove and store all such personal belongings.
 - In the event that the College elects to pack, remove and/or store a student's personal belongings, the student agrees that any damage to, or loss of, such personal belongings during packing, removal and/or storage by the College shall remain the student's sole responsibility and the student agrees to waive, release, indemnify, discharge and hold Muhlenberg College and its trustees, officers, managers, employees, contractors, agents, successors and assigns harmless from and against any and all liabilities, actions, demands, damages, expenses, costs, claims and causes of action of any possible nature resulting from or in any manner relating to the College's packing, removal and/or storage of such personal belongings.
 - **Cleaning and Disinfecting.** Students are responsible for providing their own supplies, cleaning their rooms/living spaces, and disinfecting surfaces.
 - **Off-Campus Housing.** In the unlikely event that the College moves to remote learning, the College shall not be responsible for any rent, utilities or other expenses incurred by any student or student group in connection with off-campus/third-party housing. In addition, any student that obtains off-campus/third-party housing for the Fall 2021 and/or Spring 2022 Semesters acknowledges that the College reserves the right to require any such student to live on-campus if such student fails to treat neighbors with common courtesy and respect or fails to comply with this Policy, the Student Code of Conduct, all local, state, federal laws, and policies, and City of Allentown noise, disorderly conduct, trash and recycling collection, and parking ordinances.
- 8. Travel.** Students must follow the Center for Disease Control (CDC) [guidelines](#) when traveling.

- 9. Campus Visitors.** Visitors are welcome on campus. Individuals who invite guests to campus are responsible for communicating with them our COVID-19 Policy. All unvaccinated visitors must wear a mask at all times indoors and masks are recommended in crowded outdoor settings.
- 10. Campus Events.** All campus spaces are at 100% capacity. Events open to the general public may be required to be ticketed for non-Muhlenberg College attendees for identification purposes.
- 11. Student IDs.** Students must carry their student IDs at all times while on campus and must be presented on request by a College official.

COVID-19 Contact Tracing, Self-Isolation and Self-Quarantine Policy

As part of Muhlenberg's efforts to mitigate the spread of COVID-19 in the campus community, the College has implemented a COVID-19 case investigation and contact tracing program. The program consists of a team of contact tracers who operate in partnership with Health Services, the College's COVID-19 Response Team and the Allentown Health Bureau. Student's quarantine and isolation status will be disclosed to the Muhlenberg College COVID-19 Response Team for the purpose of coordination of academic, housing, and campus services.

MUHLENBERG CONTACT TRACERS

The mission of Muhlenberg contact tracers is to promptly communicate with students who are diagnosed with COVID-19, and rapidly identify and communicate with their "[close contacts](#)" in the campus community. They are guided by protocols to obtain symptom history and relevant health information of affected students. Contact tracers will provide instructions for students regarding self-isolation and self-quarantine.

SELF-ISOLATION FOR COVID-19 POSITIVE STUDENTS

Students who test positive for COVID-19 will have an intake assessment conducted by a Muhlenberg contact tracer. This intake assessment will include education and instructions for isolation.

• Isolation Housing:

- The College will mandate the isolation location for students who live in College owned housing and the Alpha Tau Omega house.
- The College will not provide isolation housing for off campus or commuter students. However, contact tracers will provide students living off campus and commuter students with instructions regarding the need for mandatory isolation.
- Students may choose to isolate themselves at home. Students who leave their isolation assignment must complete their isolation at their home address on file with the College.
- Students in isolation may be placed in a housing assignment with another student who has tested positive for COVID-19.
- Students are required to comply with the instructions provided by the contact tracers for the particular isolation location. For example, a student in isolation may not be permitted to leave their isolation room unless an emergency situation arises (i.e. fire alarm, etc.) or after speaking with Muhlenberg College Health Services. In addition, common areas (ex: public kitchens, lounges, etc.) of the particular isolation location are off-limits.
- Upon entering into an isolation assignment, students will work with contact tracers and designated College staff for meal delivery during the period of isolation. Unless specifically permitted by the contact tracers or Housing and Residence Life, other food deliveries to students in isolation are prohibited.

- **Symptom Monitoring:**
 - Students in isolation are required to self-monitor for symptoms.
 - Students who were evaluated by Health Services will be given instructions for follow up per clinician's recommendations. Students noncompliant with these recommendations may be sent home or subject to sanctions for violating the COVID-19 Policy.
 - Students with any [emergency warning signs](#) (including trouble breathing), must seek emergency medical care immediately by calling Campus Safety at 484-664-3110 (if on campus) or 911 (if off campus or commuter). Students must notify Health Services at 484-664-3199 after emergency medical care is received.

- **Close Contacts Identification:** The Muhlenberg contact tracer will identify close contacts of the positive COVID-19 student. Students are required to be honest and forthcoming when answering the contact tracer's questions and must promptly cooperate with all contact tracing efforts. Students will not face alcohol and/or drug policy violations and/or COVID-19 violations as a result of information obtained through COVID-19 contact tracing efforts.

- **Length of Isolation:** The COVID-19 positive student will remain in isolation for at least 10 days from the onset of symptoms, and must be fever free for 24 hours without the use of fever reducing medicine, and must have an improvement in symptoms. For students who never experienced any symptoms, the isolation period is 10 days from the test date.

- **Release from Isolation:** At the anticipated end of the isolation period, a Muhlenberg contact tracer or Health Services will review the student's health status and determine the release from isolation date. Only after receiving this notification may students return to their housing assignment and off-campus/commuter students may regain access to campus.

- **Food/ Meal Information:**
 - On Campus: Meal plans will remain active during isolation. However, instead of going to dining facilities on campus, the College will deliver meals as long as the required form to select menu items is completed by 11:59 pm the night before (for ordering and delivery of next day's meals). Lunch and dinner will be delivered each day. If ordered, snacks will be delivered with lunch and a continental breakfast for the next morning will be provided when dinner is delivered. Please note that if a meal is not ordered, a Convenience Care Bag will be provided in lieu of a meal; one meal swipe per bag will be used. The Convenience Care Bag contains microwaveable soup, snacks, and water. Students without a meal plan will be charged \$20.35 per day for this meal delivery service.
 - Off Campus: Students living in off campus housing are not eligible for meal delivery service. Students living in off campus housing who are on a meal plan may use the Bite app to order food and designate a person (who is NOT in quarantine or isolation) to pick-up a to-go order. The person designated to pick-up the meal must be noted in the comments section of the Bite app when ordering food. The designated person should not enter the isolated student's room but should instead leave the meal outside of the door and let them know it has been delivered.

For those students not on any meal plan, please consider the following alternatives: Grubhub, DoorDash, etc. for meals delivered from various restaurants; Insta-cart for grocery deliveries; or connect with friends who may be able to leave deliveries at your doorstep. *When helping another student with meals, please do not enter the isolated student's room but, instead, leave the meal outside of the door and let them know it has been delivered.*

The College will not compensate students for the cost of food while in quarantine or isolation, regardless of meal plan status.

SELF-QUARANTINE FOR COVID-19 EXPOSED STUDENTS

Students who are identified as close contacts or possibly exposed to COVID-19 through the Muhlenberg College contact tracing program will be notified by a Muhlenberg contact tracer. This notification will include education and instructions for quarantine.

- **Exposure Information:** Students who have been in [close contact](#) with someone who has COVID-19, excluding those who have had COVID-19 within the past 3 months or [who are fully vaccinated](#) and are without symptoms, need to quarantine.
 - Students who have tested positive for COVID-19 within the past 3 months and recovered and are without symptoms do not have to quarantine or get tested again as long as they do not develop new symptoms and have uploaded their positive lab results to the student health portal.
 - Fully vaccinated students who have a known exposure to someone with suspected or confirmed COVID-19 must wear a mask in indoor settings for 14 days or until they are tested 3-5 days after exposure and receive a negative test result.
 - Non-fully vaccinated students who have a known exposure to someone with suspected or confirmed COVID-19 must have a negative COVID-19 test on day 5 or after to leave quarantine on day 10.

- **Quarantine Housing:**
 - The College will mandate the quarantine location for students who live in College owned housing and the Alpha Tau Omega house.
 - The College will not provide quarantine housing for off campus or commuter students. However, contact tracers will provide students living off campus and commuter students with instructions regarding the need to quarantine.
 - Students may choose to quarantine at home. Students who leave their quarantine assignment must complete their quarantine at their home address on file with the College.
 - Students in quarantine may be placed in a housing assignment with another student who has had close contact or possible exposure to COVID-19.
 - Students are required to comply with the instructions provided by the contact tracers for the particular quarantine location. For example, a student in quarantine may not be

permitted to leave their quarantine room unless an emergency situation arises (i.e. fire alarm, etc.) or after speaking with Muhlenberg College Health Services. In addition, common areas (ex: public kitchens, lounges, etc.) of the particular quarantine location are off-limits.

- Upon entering into a quarantine assignment, students will work with contact tracers and designated College staff for meal delivery during the period of quarantine. Food deliveries are permitted provided that deliveries can be made without making contact with person(s). A table will be provided outside of the quarantine building for delivery drivers to leave orders as they are not permitted inside the building. The College is not responsible for stolen food.
- **Symptom Monitoring:**
 - Students in quarantine will be given instructions to self-monitor for symptoms.
 - Upon moving into quarantine, students will be given instructions for recording their symptoms and temperature. Failure to comply with daily symptom monitoring may result in an extended quarantine period and/or noncompliant students may be sent home or subject to sanctions for violating the COVID-19 Policy. Students must notify Health Services at 484-664-3199 if they develop any symptoms or have any non-urgent medical questions or concerns.
 - Students with any [emergency warning signs](#) (including trouble breathing), must seek emergency medical care immediately by calling Campus Safety at 484-664-3110 (if on campus) or 911 (if off campus or commuter). Students must notify Health Services at 484-664-3199 after emergency medical care is received. Students must contact Health Services with any non-urgent medical questions or concerns at 484-664-3199.
- **Length of Quarantine:** Students will remain in quarantine for ten (10) days after their last suspected exposure to COVID-19.
- **Release from Quarantine:** At the end of the anticipated quarantine period, a Muhlenberg contact tracer or Health Services will review the student's health status and determine the release from quarantine date. Only after receiving this notification may students return to their housing assignment and off-campus/commuter students may regain access to campus.
- **Food/ Meal Information:**
 - On Campus: Meal plans will remain active during quarantine. However, instead of going to dining facilities on campus, the College will deliver meals as long as the required form to select menu items is completed by 11:59pm the night before (for ordering and delivery of next day's meals). Lunch and dinner will be delivered each day. If ordered, snacks will be delivered with lunch and a continental breakfast for the next morning will be provided when dinner is delivered. Please note that if a meal is not ordered, a Convenience Care Bag will be provided in lieu of a meal; one meal swipe per bag will be used. The Convenience Care Bag contains microwavable soup, snacks, and water. Students without a meal plan will be charged \$20.35 per day for this meal delivery service.

Students may order food to be delivered to their quarantine space. Food must be delivered to the door of the building, the driver must leave, and then the student can exit their room (with a mask) and retrieve their food and immediately return to their room.

- Off Campus: Students living in off campus housing are not eligible for meal delivery service. Students living in off campus housing who are on a meal plan may use the Bite app to order food and designate a person (who is NOT in quarantine or isolation) to pick-up a to-go order. The person designated to pick-up the meal must be noted in the comments section of the Bite app when ordering food. The designated person should not enter the isolated student's room but should instead leave the meal outside of the door and let them know it has been delivered.

For those students not on any meal plan, please consider the following alternatives: Grubhub, DoorDash, etc. for meals delivered from various restaurants; Insta-cart for grocery deliveries; or connect with friends who may be able to leave deliveries at your doorstep. *When helping another student with meals, please do not enter the isolated student's room but, instead, leave the meal outside of the door and let them know it has been delivered.*

The College will not compensate students for the cost of food while in quarantine or isolation, regardless of meal plan status.

Acknowledgement, Consent for COVID-19 Testing and Disclosure of Information Agreement

During the COVID-19 pandemic, personal individual decisions and behaviors may potentially and significantly impact the health and safety of all members of the Muhlenberg College community. As such, for the community's well-being, each and every student must agree to strictly follow the College's COVID-19 Policy and all guidelines and directives issued by the College in connection with the Policy. The Policy and the guidelines and directives developed by the College are based on CDC, Pennsylvania Department of Health, and American College Health Association guidelines. All students who plan to return to campus must commit to these expectations. You are encouraged to discuss the agreements in this Contract with your parents or guardians.

Acknowledgement:

I recognize and acknowledge that my presence on any College property (i.e. property owned, controlled, used or managed by the College), and/or at any College sponsored activities on or off-campus, places me at a greater risk of contracting the COVID-19 virus. With awareness and appreciation of the heightened risk of contracting the COVID-19 virus, I voluntarily agree to assume such risk and I accept responsibility for any injury or illness that I may incur in connection with such risk.

Testing Strategy: Because the COVID-19 pandemic will continue to evolve, our testing strategy will be adaptable to the situation. The College's testing strategy could include pre-arrival testing, ongoing surveillance testing of asymptomatic individuals, symptomatic testing and post-exposure testing.

Consent for COVID-19 Testing and Disclosure of Information:

The College has developed a testing strategy based on guidelines and directives of the CDC, Pennsylvania Department of Health, the Allentown Health Bureau, our local health networks, and the American College Health Association. Requirements include: pre-arrival testing, ongoing surveillance testing of asymptomatic individuals, symptomatic testing and post-exposure testing. The purpose of this testing is early identification of infected individuals, resulting in prompt isolation and contact tracing to identify possible exposures. All students, except remote learners, must agree to comply with the College's testing requirements to include testing and disclosure of COVID-19 vaccination status, test results, isolation, and quarantine information. The purpose of such disclosures is to facilitate the coordination of College services to support COVID positive students in isolation, quarantine, and managing the College's response to COVID-19.

Testing Consent & Requirements:

- I voluntarily consent to COVID-19 testing as per this Consent for COVID-19 Testing and Disclosure of Information Agreement. I authorize the College and/or its testing provider to conduct COVID-19 testing, as ordered by an authorized medical provider or public health official.
- I understand that neither the College nor its testing provider is acting as my medical provider and I further understand that the testing provided by the College or its testing provider does not replace treatment by a medical provider. I assume complete and full responsibility to take appropriate actions with regards to my test results. I agree I will seek medical advice, care, and treatment from my medical provider if I have questions, concerns, or if my condition worsens.
- I understand that I will be notified how to access my COVID-19 test results and that it is my responsibility to do so each time I am tested.
- I acknowledge that a positive test is an indication that I must self-isolate.

Authorization to Disclose Health Information:

I authorize Muhlenberg College Health Services and/or the College's testing provider to disclose each of my COVID-19 test appointments and/or test results and isolation/quarantine status from July 1, 2021 through June 30, 2022 to: (i) my parents or guardians; (ii) the College's Health Services, Dean of Students Office, Housing & Residence Life, Plant Operations, Dining Services, Disability Services, College Contact Tracing Staff, Isolation & Quarantine Coordinators, Campus Safety, Information Technology, Dean of Academic Life, Athletics (for athletes), Deans of Graduate & Continuing Education (GCE) and Graduate Studies (GS) (for GCE and GS students), and any other College department deemed by the Dean of Students as needing to know; and (iii) county, state, or other local government agencies as required by applicable law and reporting requirements.

I authorize Muhlenberg College Health Services to disclose my COVID-19 vaccination status from July 1, 2021 through June 30, 2022 to: the College's Health Services, Dean of Students Office, College Contact Tracing Staff, Isolation & Quarantine Coordinators, Athletics (for athletes), Deans of Graduate & Continuing Education (GCE) and Graduate Studies (GS) (for GCE and GS students), and any other College department deemed by the Dean of Students as needing to know.

I understand that my Protected Health Information may be used and disclosed for one or more of the following purposes: identifying individuals who may have been or were exposed to COVID-19; alerting others of possible exposure to COVID-19 (without revealing my identity); identifying possible risks to others of COVID-19 exposure; provision or coordination of quarantine and/or isolation services; provision of academic services; identifying areas to be disinfected; identifying compliance with the College's COVID-19 Policy and/or notifying relevant public health authorities as permitted or required by law.

- I understand that this Consent may be revoked by me at any time by providing written notification to the College, except to the extent that action has been taken in reliance on this Consent. In addition, this Consent will automatically expire without the express revocation three hundred and sixty five (365) days from the date of my signature.
- I have been informed about the purposes of the testing and the disclosure of test results and I received the Consent for COVID-19 Testing and Disclosure of Information Agreement.
- I have been given the opportunity to ask questions before I sign, and I have been told that I can ask additional questions at any time.

I have reviewed the College’s COVID-19 Policy and this Acknowledgement, Consent for COVID-19 Testing and Disclosure of Information Agreement and agree to strictly comply with each of the requirements set forth in the Policy and this Acknowledgement and Agreement. I understand that if I violate the Policy or this Acknowledgement and Agreement, I will be subject to discipline as described in the Policy and under the College’s Student Code of Conduct.

Revised 8/2/2021

[1] “Student Groups” include any number of persons recognized collectively by the College, including clubs, organizations, athletic teams, fraternities, and sororities. A student group and each member of a student group may be charged with a violation and may be held responsible for any such violation. A student group may be held accountable for the actions of any of its members if the alleged violation is in any way related to the student group. The actions in question need not be officially approved or sanctioned by the entire membership of the student group, and there is no minimum number of members that must be involved to hold the student group accountable. In some instances, the conduct of a single member of a student group may provide sufficient grounds to hold the student group accountable.

[2] Fully vaccinated is defined as two weeks after receiving the final COVID-19 vaccine (World Health Organization or FDA approved) in the vaccination series.
