## V. Student Life

### I. STUDENT GOVERNMENT ASSOCIATION (SGA)

The Student Government Association (SGA) represents undergraduate students, voicing their concerns, promoting their interests, and advocating for student life and academic concerns at Muhlenberg College.

The Student Body elects a Student Body President, executive leadership and 22 at-large representatives each fall. The SGA is involved in decision making for many aspects of campus life including: appointing students to College and faculty committees, funding campus clubs and organizations, recommending policy changes to campus officials, and generating ideas and programs beneficial to the entire campus.

Additional information, including the SGA's governing documents, can be found on the Student Government Association website: <http://www.muhlenberg.edu/studorgs/council/index.html>.

### III. COMMUNITY ENGAGEMENT

With philosophical roots in concepts of equity and justice, the Office of Community Engagement engages students, employees and local communities through partnerships intended to catalyze personal, institutional, and community change. The Office of Community Engagement strives to:

- Connect Muhlenberg and Allentown communities in meaningful, deep partnerships aimed at creating positive, inclusive change
- Facilitate individual understanding of social identities, civic engagement and communities
- Enhance our communities' ability and desire to critically analyze, learn, and dialogue about important social justice issues
- Work toward dismantling systemic barriers to equitable lived experiences

Students regularly connect with local community members including children, adults and senior citizens, organize one-time community-building events, take action on social justice issues, advocate for change, and much more through the Office of Community Engagement.
