

Goals and Objectives

Our goal is to advance languages and cultures through effective and innovative use of instructional technologies and collaborative practices for teaching and learning, research, service, and extra-curricular events.

We provide leadership and assistance in the following areas:

- Comprehensive support for LLC students' academic needs (for example, use of online Textbooks and materials, conversation partnerships, testing, etc.)
- Proactive outreach and assistance for the faculty (*Canvas, Kaltura, flyers, Kaliope, etc.*)
- Faculty development in the area of digital pedagogy (workshops, speakers, individual consultation and assistance)
- Research, selection and piloting of appropriate emerging hardware and software
- Facilitation of digital connections via Zoom and Skype
- Departmental Website design and updates
- Support for extracurricular events
- Hosting of departmental and College events
