International STUDENT SUPPORT

The Office of International Student Support (OISS) provides comprehensive guidance to international students in their transition to life in the United States. In addition to supporting an enriching student experience on campus, OISS provides immigration guidance to F-1 student visa holders throughout their enrollment at Muhlenberg and beyond to OPT post-graduation opportunities.

The Global Corner

Alongside a comprehensive OISS pre-orientation program with peer leadership, OISS supports the Global Corner, a living-learning program that promotes a successful college transition for first-year students. This program allows students to develop a sense of community as a cohort, which also includes U.S.-based student roommates. The Global Corner offers a unique residential experience, focused on cultivating worldwide perspectives through learning, friendship and community.
